

Dr. Patrick TSIE
Regional Technical Marketing Director
Qualcomm International Inc

Dr. Patrick TSIE serves as Regional Technical Marketing Director of Qualcomm International Inc. He is responsible for 3G CDMA based technology marketing and also providing technical engineering advice & consultancy to the operators in South East Asia & Pacific region.

Prior to joining Qualcomm, Patrick worked for Hutchison Telecom (HK) Ltd more than seven years, and was responsible for CDMA & WCDMA network projects. Being worked and designed the first worldwide commercial launch CDMA system, Patrick gained a lot of CDMA network planning and optimization experience.

Patrick received his B.Eng. degree (First Honor) in Computer Systems & Electronics from the King's College London in 1990 and attained his Ph.D. degree in Mobile Communication from the same University in 1994.
