Green ICT Solution Seminar

~ More Green. More Competitive. ~

(in alphabetical order
以機構英文名稱先後排列)

- How does Green Information and Communication Technology (ICT) aim to reduce both environmental impact and equipment operating cost?
- How to increase our competitiveness by creating a plan to reduce the carbon footprint and operating cost?
- Is there any guideline and assessment tool to assist businesses in creating their own Green ICT action plan?

Find out the answer at the Green ICT Solution Seminar to be held on 8 November 2011!

Who Should Attend?

All are welcome! Persons who intend to adopt green ICT solutions to their businesses or to enhance the operation efficiency or to reduce the carbon footprint of their existing ICT equipment are particularly encouraged to attend. No particular ICT knowledge or skills are required.

Date: 8 November 2011 (Tuesday)

Time: 14:30 – 17:00 (Registration starts at 14:10)

Location: Conference Hall, 4/F, HKPC Building, 78 Tat Chee Avenue, Kowloon
(MTR Kowloon Tong Station Exit C1)

Fee: Free-of-charge

Language: Cantonese/English (Please note no simultaneous interpretation service will be available.)

Enquiries: Ms. Cheung (Tel: 2778 0040; Email: gict@iproa.org)

Programme Details:

- Welcome Remarks** by
Dr. Elizabeth Quat, JP
Initiator & Founding Chairman, Steering Committee of the Green ICT Consortium
Honorary President, Co-Founder & Past President (2000-2006) of Internet Professional Association
- Topic** : Resource-Effective Data Centres
Speaker: Mr. Roger Tipleby (Director and Officer of the Green Grid Association, VP of the Green Grid)
Roger Tipleby has served as Director and officer of The Green Grid Association since it was founded in 2007. He is currently in his fourth year in the position of Vice President of the Green Grid and also co-authors papers for the Technical Committee of the Green Grid. He graduated as an electrical engineer from Oregon State University in 1982 and has invented 18 patents for Hewlett-Packard, where he architects computer servers and power management solutions for data centers.
- Topic** : Application of Green ICT in Business – Experience Sharing
Speaker: Mr. Edmond Chan (IT Reporting & Services Manager of CLP Power Hong Kong Limited)
- Topic** : Guideline to Reduce the Carbon Footprint of Business with ICT
Speaker: Ms. Tracy Zhou (Consultant of Hong Kong Productivity Council)
- Panel Discussion:** Representatives from various sectors to share views on how to improve environmental performance and reduce operating costs with Green ICT practices and assessment
