(OFTA)*

Communications Association of Hong Kong has supported Canadian Chamber of Commerce to organise a luncheon with Mrs. Marion Lai JP from Office of Telecommunications Authority (OFTA) at The Hong Kong Bankers Club in Central on 21 February 2008.

In this luncheon, Mrs. Lai did share with our members her insights on the topics *'Inside The Black Box: OFTA Policy Formation and Direction in 2008'*.

The coverage had been focused on : [This is a fast changing telecom world where data, voice, video and entertainment are now riding on the same infrastructure. What roles and responsibilities does OFTA see itself playing to adapt itself to these changes? Is the regulator still relevant in a world where technology seems to move at lightning speed? How does OFTA weigh the needs of the consumer, the providers and the general public in deciding on policy direction and velocity? How fast will this happen and who will OFTA work with, and gauge feedback from, in this process? ]

*Mr. Hubert Chan, Chairman of CAHK and Mr. Franky Lai,  
Vice Chairman of CAHK also shared the luncheon*

*Two tables of CAHK members participated*
