Business Activities

WTT (formerly Wharf T&T) is a leading ICT service provider in Hong Kong with an aspiration of 'Winning Together' with business customers. Utilising its extensive and secure Fibre-To-The-Desk (FTTD) ultra-high speed broadband network infrastructure, WTT provides business customers with leading-edge ICT solutions meeting their diverse business needs.

WTT's rich ICT service portfolio ranges from fibre-based high-speed business broadband, sophisticated local and international data networking, advanced IP-based voice telephony, best-of-breed cloud solutions, mission-critical system integration solutions, managed information security services and ePayment services that aim at enabling businesses of its customers. With significant investment of over HK\$7 billion in building the fixed line infrastructure in Hong Kong, our network infrastructure covers over 5,500 commercial buildings serving 90% business customers in Hong Kong.

WTT is committed to engaging in solid and long-term ICT partnerships with its customers, endeavouring best-practice standards and performances, and contributing to corporate social responsibility in Hong Kong while doing businesses.
