

My congratulations to the Communications Association of Hong Kong (CAHK) on the publication of its “2019 Official Guide to ICT Industry in Hong Kong”.

Telecommunications continue to advance at a rapid pace and have become an indispensable part of our daily lives. With the growing maturity of the fifth generation mobile (5G) technology, it will surely be the focus in the ICT industry in the years to come. The impressive transmission speed, massive connectivity, and ultra-reliable and low latency communications enabled by the 5G networks will be the cornerstone of our smart-city development. Such quantum leaps for business innovations and smart living would not have been possible without the continuous and active involvement of the local industry.

As the leading association of the ICT industry players, CAHK has been keenly forging consensus within the industry and fostering collaboration. As the most significant achievement, CAHK has led the industry to implement various self-regulatory measures which have successfully stepped up the protection for consumers in the telecommunications sector. Riding on the concerted effort of CAHK and the industry over the years, I am sure the ever-growing telecommunications industry in Hong Kong will continue to flourish and scale new heights.

Mr. Edward Yau Tang-wah, GBS, JP

Secretary for Commerce and Economic Development

The Government of the Hong Kong Special Administrative Region

恭賀香港通訊業聯會出版《2019香港通訊業概覽》。

電訊科技發展一日千里，已經是我們日常生活不可或缺的一部分。第五代(5G)流動技術發展日益成熟，勢必成為資訊及通訊科技業未來數年的焦點所在。5G網絡支援高速的流動服務，具有大規模連接、極可靠和低時延通訊的特性，將會是發展智慧城市的重要基石。這種創新營商和智慧生活的飛躍發展，全賴業界持續和積極的參與及努力。

香港通訊業聯會作為資訊及通訊科技業首屈一指的組職，一直致力凝聚業內共識，推動業界合作。不能不提的當然是聯會帶領同業推行一系列的自行規管措施，大大加強了消費者在電訊方面的保障，卓具成效。我深信，憑著聯會與業界多年來的同心協力，香港的資訊及通訊科技業的發展定會續創輝煌，並在未來更上一層樓。

邱騰華先生, GBS, JP

商務及經濟發展局局長
