### ◆ Business Activities

Headquartered in France, Alcatel provides communications solutions to telecommunication carriers, Internet service providers and enterprises for delivery of voice, data and video applications to their customers or employees. Alcatel brings its leading position in fixed and mobile broadband networks, applications and services, to help its partners and customers build a user-centric broadband world. With sales of EURO 13.1 billion and 58,000 employees in 2005, Alcatel operates in more than 130 countries.

Operating out of Hong Kong, under the name of Alcatel China Limited since 1987, we have been partnering with carriers, service providers and enterprises in Hong Kong and Macau meeting end users' business and personal communications needs.

We offer market-leading and comprehensive product and solution portfolio ranging from next generation networks, wireline, wireless infrastructure and applications, satellite, optics, voice and data communication systems for enterprises to mobile terminals. Furthermore, Alcatel also provides professional services including business and technology consulting, network and application design, implementation management, customer support and facility management.

At Alcatel, we aim at enabling our Hong Kong customers with communications of all kinds so as to help optimize their service offerings and revenue streams.
