◆ Business Activities

CPCNet Hong Kong Limited, a wholly owned subsidiary of CITIC Pacific (SEHK: 267), is a communications and security solution provider headquartered in Hong Kong, a preferred partner by multinational corporations (MNCs) and business enterprises requiring seamless connection to Greater China and Asia. By employing state-of-the-art fully meshed network, CPCNet offers TrueCONNECT™, an advanced MPLS VPN service, and a whole range of innovative communications products, security solutions and managed services.

CPCNet has been awarded the ISO 9001:2000 Certification. This further recognized the company's commitment to offering the highest level of service quality. CPCNet's professional service teams in Greater China and other Asian cities turn this corporate value into real benefits to customers through hotline, email and onsite support.

CPCNet's flagship product TrueCONNECT™ is the first MPLS VPN network built in Greater China that provides a 'One Region, One Network' solution. With extensive Points-of-Presence (POPs), MPLS-based traffic classification (CoS / QoS) and network security, TrueCONNECT™ caters to the connectivity needs of the Greater China region, helping enterprises in the region achieve outstanding levels of security.

To extend its comprehensive Communications products, Managed security and Compliance solutions, CPCNet has built a world-class Security Operations Centre (SOC) in Hong Kong. CPCNet introduced cutting edge information security services - TrustCSI™ to deliver an improved level of security, enhanced compliance, greater efficiency of security operations and reduced costs of security initiatives. A series of security services includes: Trust-C™: Compliance Management Solutions; Trust-S™: Managed Security Services (MSS) & Trust-IT™: Forensics Investigation Services.
