

CPCNet Comprehensive Managed Services - Empowering to Seize Business Opportunity

By CPCNet Hong Kong Limited

Connecting the World to China

According to Ministry of Commerce, PRC¹, China's actual foreign direct investment (FDI) in 2005 amounted to US\$72.4 billion, up 19.42% over that of 2004. Statistics shown that in 2006 (Jan - Apr), a total of 12,639 foreign-funded companies were set up in China, with the FDI up 5.7% to US\$18.48 billion over the same period of 2005. As the Greater China markets continue to strengthen, international enterprises need reliable, high-quality cross border communications and security solutions to connecting the world to China seamless.

One Region, One Network

Responding to the market needs, CPCNet deploys the first fully managed MPLS VPN - TrueCONNECT™ to cater the connectivity needs in Greater China region. Customers can perform mission critical, voice and data applications across offices with desired quality through Quality-of-Service (QoS) feature. It is a cost-effective alternative to the traditional network using IPLC and ATM/FR without compromise to security.

Increased Access - Increased Security

According to IDC 2005, IP VPN business grew 40% in Asia. The strong performance from TrueCONNECT™ reflects the keen demand for premium regional managed-network and security services in the market. Enterprises need the right communication and security solutions to safeguard connectivity and protect critical information.

With strong experience in China, CPCNet partners with Cybertrust - a global information security specialist to build a world-class Security Operations Centre (SOC) in Hong Kong, and offer an integrated Information Security Services - TrustCSI™. TrustCSI™ is a comprehensive solution to improve level of security, enhance compliance and provide greater efficiency of security operations for organizations. A series of security services includes: Trust-C™: Compliance Management Solution; Trust-S™: Managed Security Services (MSS) & Trust-I™: Forensics Investigation Services. Through a broad range of TrustCSI™ solutions, customers will benefit from 24x7 device monitoring, threat tracking, security analysis and compliance.

將世界連繫至中國

中國商務部報告¹指出，05年中國實際海外直接投資為72.4億美元，較04年上升19.42%；而06年1月至4月，共有12,639間外資公司於中國成立，其海外直接投資總額達18.48億美元，較05年同期高5.7%。大中華市場持續強勁，國際跨境企業深切需求可靠及高質素的跨地區通訊及安全解決方案，將世界與中國無縫連接。

跨地區、一網絡

配合市場發展，CPCNet率先於大中華區開展其全面管理的多協議標籤交換技術建立的虛擬專用網絡服務 - TrueCONNECT™，以迎合區內對網絡連接的需要。客戶可透過其服務水平保證(QoS)，享用滿意的關鍵任務、話音及數據應用服務。

TrueCONNECT™是一個較沿用傳統的國際專線及異步傳輸／幀中繼更安全及更合乎成本效益的最佳選擇。

擴大連繫——提升安全

IDC指出，亞洲的IP虛擬專用網絡業務於05年增長達40%。TrueCONNECT™的強勁表現正反映了市場上對優質地區性網絡管理及安全服務的深切需求。企業更須配合一套全面的通訊及安全方案以保障其網絡服務及管理資訊安全。

憑藉在大中華區內的豐富經驗，CPCNet與全球資訊安全專家Cybertrust攜手合作，於香港建立世界級的安全操作中心，為客戶提供綜合信息安全服務——TrustCSI™。TrustCSI™可助客戶提升系統的安全水平、加強各系統間的合規性管理、並增加安全操作的效率，同時降低成本。一系列的安全服務包括：Trust-C™：合規性管理方案；Trust-S™：安全管理服務(MSS)；Trust-I™：取証調查服務。透過TrustCSI™一系列廣泛解決方案，客戶可享有24x7設備監察服務、威脅追蹤，安全分析及合規。
