Business Activities

As one of the value-added communication solution providers, China Entercom (CEC) has a strong financial and regulatory background due to the major shareholders being China International Trust and Investment Corporation Group (CITIC) and the State-owned Assets Supervision and Administration Commission (SASAC).

Having full licenses covering IP VPN (First nationwide IP VPN License in China), ISP access, call centre, on-line transaction and multi-communication service operations, CEC establishes the strategic relationship with 6 major telecom giants of China such as CT, CNC, China Mobile, and etc.

As an agile ICT service provider in China, CEC provides total turnkey data network services and solutions that support application-oriented network infrastructure, value-added service, e-commerce, and etc. CEC's nationwide backbone network covers most major cities in China.

China Entercom's headquarters are located in Beijing with regional branch offices in Shanghai, Guangzhou, Shenzhen. With the increase of China Entercom's international partner business, a subsidiary company for both sales and operations has been established in Hong Kong.
