Business Activities

ZTE Corporation is a global leader in telecommunications and information technology. Founded in 1985 and listed on both the Hong Kong and Shenzhen Stock Exchanges, the company has been committed to providing innovative technologies and integrated solutions for global operators, government and enterprise, and consumers from over 160 countries across the globe. Serving over 1/4 of the global population, the company is dedicated to enabling connectivity and trust everywhere for a better future.

ZTE has complete end-to-end product lines and integrated solutions in the telecommunications industry. Bolstered with its all series of wireless, wireline, services, devices and professional telecommunications services. ZTE is also a leader in Global 5G and PON systems.

ZTE believes in technology innovation as a core value of the company, investing more than 10% of annual revenue in its R&D. The company has established state-of-the-art global R&D centres in USA, Sweden, China and so forth, and has filed applications for more than 84,000 patents, with over 42,000 granted. Since 2010, ZTE has been ranked among the world's Top-5 for patent applications under the Patent Cooperation Treaty (PCT) each year, according to the World Intellectual Property Organization. With a vision of balanced, sustainable development in the social, environmental and economic arenas, the company promotes freedom of communication around the world. It has incorporated innovation, technological convergence and the concept of "going green" into its product life cycle, covering specifically R&D, production, logistics and customer service. Also, the company is also committed to maximizing energy efficiency and minimizing carbon emissions.

ZTE (H.K.) Ltd. is the subsidiary organizations of ZTE Corporation based in Hong Kong serving local operator and enterprise customers with its professional products and services.
