Business Activities

Champion Technology Holdings Limited, the parent company of Champion Technology Limited, is a global technology group offering innovative solutions in communications software, wireless, telematics, e-commerce, security and online entertainment. The Group's solutions are dedicated to bettering and enriching the lives and lifestyles of people, promoting health consciousness, accident prevention and life safety, and additionally promoting probity and responsibility in the conduct of the online industry.

With a global presence in over 50 markets, Champion Technology serves its customers through its network of regional offices and distributors, and two Hong Kong listed companies. The Group also includes a UK subsidiary previously listed on the London Stock Exchange. Throughout the years, the Group has focused on industries supported by government policies. In line with China's national policy to promote its culture industry, the Group has expanded activities in culture-related technologies and related services, aiming at providing customised solutions for the trading and promotion of art, antiques, cultural products and collectibles for the consumer market.

Champion Technology Holdings Limited has a primary listing on The Stock Exchange of Hong Kong Limited.
