

I wish to congratulate the Communications Association of Hong Kong (CAHK) on its publication of the “2017 Official Guide to ICT Industry in Hong Kong”. This has been highly regarded as a resourceful reference bringing to light the latest trends of the ICT industry.

Technological innovation drives growth and economic development. It inspires creative ideas, and generates new products and services, which solve business and social problems, leading us to a smarter living. Sharing the same vision, we take every opportunity to advance innovation and development of our digital economy and drive application of ICT technologies in sustaining Hong Kong’s position as Asia’s leading digital city.

CAHK has also dedicated its efforts in nurturing a new generation of ICT leaders, through the launch of the ICT Elite Incubation Program and other activities for students. I believe these undertakings will strengthen the development of ICT manpower and help to create more innovative leaders for Hong Kong.

我謹此祝賀香港通訊業聯會出版《2017 香港通訊業概覽》。這份概覽每兩年出版一次，提供資訊及通訊科技業的最新行業趨勢，公認為極具參考價值的刊物。

科技創新既可推動經濟增長和發展，亦能啟發創新意念、開發創新產品和服務，有助解決商業和社會問題，讓我們享有智優生活。秉持着這一信念，我們會把握每個機會推動創新及數碼經濟的發展，並促進資訊及通訊科技的應用，以維持香港作為亞洲領先數碼城市的地位。

香港通訊業聯會亦通過推展「ICT 精英培育計劃」及其他為學生而設的活動，致力培育新一代的資訊及通訊科技領袖。我深信，這一切將有助促進資訊及通訊科技的人力發展，並為香港培育更多具創新思維的領袖人才。
