Business Activities

Ruckus Networks ("RUCKUS"), a business unit of CommScope, builds and delivers purpose-driven networks that perform in the tough environments of the industries we serve. RUCKUS delivers high-performance wireless LAN, wired LAN, IoT, assurance and security solutions that enable exceptional connection experiences for guests, students, residents, citizens and employees. Best-in-class hardware and AI-driven software reduce complexity and improve business outcomes for the world's most demanding industries.
