LIBRA PICK AND GO SECURITY GATE
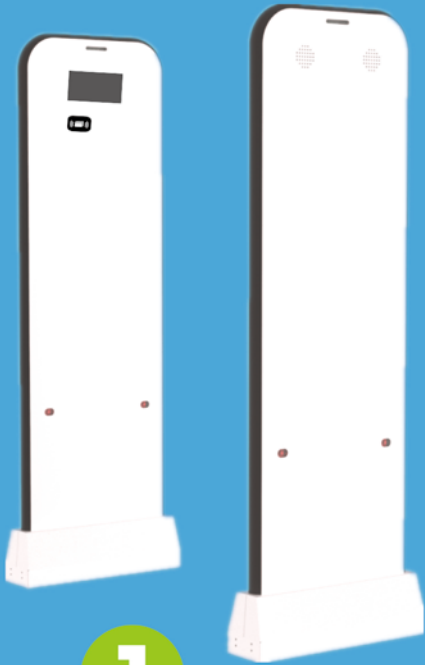

NEW PRODUCT

NEW PRODUCT LAUNCH

(Carry the books in your hands, borrow books by just walking through the gate)

1 Pick the book(s) that you like (up to 5).

2 Carry the book(s) (in your hands, not in a bag) to the EXIT. Scan library card and wait for the books to be detected.

3 Finish borrowing and you are free to leave.

Our **Pick and Go Security gate** is a library security hardware device embedded with self check out feature to transform traditional school libraries into digital **self service libraries**.

Benefits
- **Create a self service library environment**
- **User friendly experience**
- **Fast check out speed**
